Honorable George Bush
Director
Central Intelligence Agency
Washington, D. C. 20505

Dear Mr. Bush:

In the latter part of January 1977, you received a copy of Volume I of the 1977 National Energy Outlook (NEO/77) from FEA for your review and comment. Enclosed is a packet of errata material for Volume I and a draft of Volume II which contains backup appendices and describes in more detail the methods and assumptions used in developing the forecasts and analyses presented in Volume I.

We are asking that any comments you may have on either volume be returned to FEA by no later than Tuesday, February 22, 1977. Please enter as many of your comments as possible directly on the draft to assist us in reviewing your suggestions.

Please contact my office (A. C. 202 566-9085) if you wish to discuss parts of NEO/77 directly with the FEA staff. Your marked-up drafts of both Volumes I and II should be returned to the Federal Energy Administration, New Post Office Building, Room 4420, 12th and Pennsylvania Avenue, N.W., Washington, D. C. 20461, on or before February 22, 1977. Our plan is to publish the final report on April 15, 1977.

Again, thank you for your assistance.

Sincerely,

A handwritten signature in cursive script, reading "John D. Christie".
